

# The Citizens' (Owners') Rights Framework

## TCORF

### Activating the "Citizen-Owner" Role

**What is this?** The "Citizens' (Owners') Rights Framework" (TCORF) is a non-violent, non-ideological audit tool. It allows individual citizens to assert their ownership rights against the State (or Organization) without needing lawyers, software, or collective action.

#### Key Features:

- **Independent:** Designed for solo users; no group effort required.
- **Non-Violent:** Strictly administrative and peaceful.

#### How to Start:

1. **The Map:** Open "**00 TCORF List of Documents.pdf**" [REF:D00] to see the reading order.
2. **The Guide:** Open "**12 TCORF Quick Start Guide.pdf**" [REF:D12] to choose your path:
  - *5-Minute AI Evaluation* (Fastest)
  - *Standard Onboarding* (60-120 mins)

**Operational Note:** You must review "**53 TCORF Disclaimer.pdf**" [REF:D53] regarding liability and operational risks before deployment.
